PO BOX 185  
SOUTH MONTROSE, PA 18843  
PHONE/FAX 570-278-7160**

Dear Sir/Madam,

The purpose of this letter is to inform you that construction on the Three Lakes Sewer project will officially begin on June 30<sup>th</sup> 2008. This project is comprised of two phases, the first of which is to construct the sewer main from the treatment facility to the proposed site of the new hospital. This must be completed within 6 months. The second phase is to complete construction of the balance of the project, which includes installation of the grinder pump (if you're scheduled to receive one) on your property. The entire project is to be completed no later than July 30<sup>th</sup> 2009.

We would recommend that if you have not previously indicated where you would like your grinder pump, that you give it consideration now. You can do so by simply driving a stake in the ground where you would like it. Both the Authority and the contractor, Mazzuca Enterprise Inc. are willing to work with you on the best location for your property. Should you have any questions regarding this project please feel free to contact the Authority at 570 278 7160.

Sincerely  
Bridgewater Twp Municipal Auth.
